FIRST NATIONAL BANK

CHAS. MOEDER MAY ENTER COUNCIL RACE

Popular Haarig Man Indicates His Intention, Friends Declare.

Charles Moeder, well known retired blacksmith of Haarig, yesterday indicated, his political friends say, that he probably will run for the City Council in the Third ward. Mr. Moeder has declined to make any direct announcement of his candidacy.

It became known that Moeder may run for the position yesterday when he was approached to sign a petition being circulated by William T. Ruff, of the Haarig Furniture and Undertaking Co. Ruff's petition was in the hands of Charles McDonald and when Moeder was asked to affix his signature, he withheld his signature, declaring that he was not sure that he would not wish to get a similar petition in the field himself.

Simultaneous with the circulation of Ruff's petition, Gus Stein, who has been spoken of by several men as a candidate, announced that he expects to have a petition in the field in the Third ward today.

Ed Frenzel, who declared several days ago, he was thinking of becoming a candidate, yesterday declared that he has withdrawn from the race. In spite of the withdrawal, the race for the council in the Haarig ward, the heaviest ward in the city, will be a free-for-all, with the odds greatly in favor of Moeder, should he get in the race.

Moeder formerly was a member of the council and is known by virtually every voter in the ward.

In the other wards, contests are forming. In the Second ward, Carl Umbeck, Louis Wittnor and Arthur Bowman will be joined in a three-cornered fight and in the Fourth ward Medley and Tom Gill will probably fight it out.

DR. DORAN'S Wild Flower Bitters

Purely vegetable. Active liver, stomach, skin, and blood remedy laxative and cathartic in full doses. Used in all cases of Rheumatism, Catarrh, Scrofula, Old Sores, Chills, also Female Diseases, Constipation etc. It is made from well known herbs such as Gentian, orange, Ginger, Yaw Root, May Apple, and Mercurius, Medicinal. Constituents making it valuable remedy for the liver, stomach, skin, nerves, blood, lungs and other vital organs. May be taken alone or in combination treatment. Women! Samples with advice are all free to you. We want a few more live agents men and women to work like plowing corn. Make \$2000 a year. Write us, give good business men as your reference.

Dr. Ulysses Doran GENERAL MANAGER

Doran Drug Co.

Paducah, Kentucky, U. S. A.

in Cape Girardeau, Mo. Phone 318 Ladies get advice free. We want to please you.

GIRL TELLS POLICE MAN GRABBED HER

Dora Holmes Says She Was Nearly Dragged Into An Alley.

Efforts were made late Monday night by Patrolman Groce of the Haarig beat to learn the identity of an unidentified man who was charged with trying to hold up 15-year-old Dora Holmes as she was on her way from Good Hope street to her home on South Frederick street.

A search of the entire neighborhood where the attempted hold up was made, failed to disclose the identity of the man whom the girl said grabbed at her as she walked on Frederick street.

The girl told her story to the police officer a few moments after the incident occurred. She had been in Haarig with friends and after 8 o'clock she started to go to her home on South Frederick street. She walked south on Frederick street on the east side of the street and when she came to the corner of the alley between Good Hope and Morgan Oak streets, the man stepped out from the darkness, she said.

As she started to pass by him, the man grabbed her by the left arm and while threatening her and warning her not to scream, the man started to pull her toward the mouth of the alley.

The Holmes girl jerked away from his grasp and whirling before he caught her again, she ran back to Good Hope street, where she found Patrolman Groce. She said she was sure that the man was a negro and she declared that he wore a gray overcoat.

She could give no further description of the man. Patrolman Groce took the girl home after the search for the highwayman had been abandoned.

C. H. W. MEYER ILL WITH ULCER.

Hardware Dealer Forced to Remain at Home by Bad Sore on Tooth.

C. H. W. Meyer, of the firm of Meyer & Suedekum, hardware dealers, for the last four days has been confined to his home where he is suffering with a severe ulcer on a tooth on the right side of his lower jaw. The ulcer first caused trouble on the tooth last week and Mr. Meyer was forced to remain at his home.

He visited a dentist several times but could obtain no relief, so began going to a physician. Saturday he was forced to remain at home, at 109 South Henderson avenue.

Mr. Meyer's jaw is badly swollen and yesterday it was said that no improvement has developed in the condition of the sore. Mr. Meyer is a brother of City Collector George H. Meyer.

WILLER GIVES WOMAN 10 DAYS.

Judge W. H. Willer, yesterday afternoon sentenced Mrs. Anna Foley of Smelterville to 10 days in jail on a charge of disturbing the peace of Mrs. Maggie Smith, who resides in the same house with the Foley woman and after sentencing her, the Judge granted her a stay of execution.

The women have lived in the same house for some time and yesterday got into a quarrel which resulted in the complaint being placed against the Foley woman. She was arrested by Constable Scivally and taken before Willer for trial.

TO CONSULT SHOE CO. HEADS ON FUNDS

President Carter of Com'l Club Appoints Conference at Committee Meeting.

At the close of a business men's conference on shoe factory funds, held yesterday afternoon at the Commercial Club, President Sam M. Carter named a committee of five men to consult with the officials of the International Shoe Company in an effort to determine the best manner of raising the money for a factory addition.

The conference of business men was called as a special meeting of the Committee on the Shoe Factory Situation, when it was desired that as many plans for raising money as possible could be placed before the committee.

At the regular monthly meeting of the club last Friday night, President Carter requested anyone with an idea on how money could be obtained for this purpose, to put it in written form so that the members of the committee would have something with which to work.

The membership of the club was invited to be present and 150 letters were mailed to the members. About 25 men attended the conference.

A scheme, proposed by Arthur Bowman, for selling real estate was considered as well as several other ideas, but none was approved by the meeting.

The motion finally was made to have a committee appointed to meet the officers of the shoe concern and arrive at a definite set of terms and get detailed information concerning what the shoe manufacturing company will do in the event an addition is made.

The members of the committee are A. M. Tinsley, chairman, S. M. Carter, E. W. Fleitge, W. H. Bohnsack Jr., and Charles L. Harrison.

The proposition, as it is understood by the Cape business men at present, which the shoe company makes is briefly as follows: If the Cape erects a \$20,000 addition to the present factory, the present payroll will be increased 25 per cent; for a \$25,000 addition, 33 1-3 per cent in increase in payroll; and for a \$30,000 addition, a 50 per cent increase in the payroll.

AUTO CO. SUES SEABAUGH.

Seeks to Recover \$1,600 on Eight Notes in Auto Purchase.

Eli Seabaugh, of South Sprigg street, who operates a motor truck line between the Cape and Jackson, yesterday was made the defendant in a suit filed in the Common Pleas Court by the Halsey Auto Co., of St. Louis, who seek to recover \$1,600 on notes given by Seabaugh at the time he purchased an automobile truck.

The notes are for \$200 each and there are eight of them. Each note is secured by collateral and mortgages given to the automobile company by Seabaugh. The petition asked for the foreclosure of the mortgages on the property described in them, or payment of the notes.

W. J. Misenhimer, of Allenville, yesterday afternoon was in the Cape on a business trip.

Judge Mose Whybark, yesterday went to Caruthersville on a business trip.

The Civic Association will meet at 4 o'clock Saturday afternoon at the Commercial Club rooms.

R. E. Cook, of Kankakee, Ill., last night was in the Cape on a business visit.

GIRL, HIT BY AUTO, IS HURT INTERNALLY

Was Playing on Rock Levee Road As Cars Attempt To Pass.

Six-year-old Flora Welsh, daughter of Mr. and Mrs. Cort Welsh of Smelterville, yesterday afternoon was knocked down and injured seriously by an automobile that struck her while she was at play with comrades on the Rock Levee road.

The accident occurred between 3:30 and 4 o'clock and within two blocks of the child's home in Smelterville. The car that struck her was being driven by Dr. Henry Rodenmeyer, who stopped his machine within a few feet and picking the child up in his arms, carried her to her home.

The Welsh child was playing with companions on the roadway when two machines approached and it became necessary for them to pass in the road at the point where the children were at play. It was near the first bridge on the Rock Levee road in Smelterville.

The doctor's machine was going south and descending a hill leading to the bridge. He drove to the right side of the road to pass the northbound car and as he did so, the front fender struck the Welsh child in the side, knocking her to the ground. The car was going slowly at the time.

It was believed last night that the front wheel of the car had passed over one of the child's legs, because the impression of the child's stocking was plainly marked in the mud at the side of the roadway where she had fallen, in a manner such as would have been formed if the leg had been crushed into the mud by the car wheel.

All the witnesses to the accident, declared however, that they could not tell whether the child had been run over or not.

Several physicians were summoned and on examination, it was found that no bones had been broken, but it is believed the child is suffering internal injuries caused by the blow on the side when the fender struck her.

Dr. Rodenmeyer was on his way from a business visit in the Cape to Kelso, and was driving down the hill leading to the bridge very slowly and carefully, witnesses declared.

MRS. WHITSELL DIES SUDDENLY IN SOUTH

Apoplexy Fatal To Sister of Stephen B. Hunter in Tennessee.

Mrs. Clara Whitsell, a sister of Stephen B. Hunter, Vice President of the Southeast Missouri Trust Company, died at her home in Union City, Tenn., yesterday following a stroke of apoplexy. The news of her death reached Cape Girardeau yesterday afternoon, in a message to Mrs. John Hunter, of South Spanish street, a cousin of Mrs. Whitsell.

Mr. and Mrs. Stephen B. Hunter are now in Panama, where they went several weeks ago for an extended tour, which is to include the Hawaiian Islands. It is not known whether they have been communicated with.

The news of Mrs. Whitsell's death, came as a pronounced shock to her many friends in this city. She had been enjoying good health, so far as her relatives have been able to learn, and the news of her death was the first information to reach here that she had been ill.

From the brief messages that have been received by her relatives in this city, it is supposed that she was stricken and died within a few hours.

Mrs. Whitsell belonged to a family that have been history-makers in this section of Missouri. Her father, B. F. Hunter, was for many years a banker at New Madrid, and was one of the wealthiest and most distinguished men in that community.

Mrs. Whitsell had lived for a number of years in Union City, Tenn., but for a long time made her residence in Sikeston, Mo. She was 44 years of age. In addition to her husband, she leaves five children. While the arrangements for her funeral are not known here, it is believed likely that she will be brought to Sikeston for burial.

Mrs. Whitsell was a cousin of John Hunter, of 325 South Spanish street, the retired banker, and was a cousin of Mrs. Louis Houck and Mrs. Louis B. Houck. She was well known in almost every town in Southeast Missouri.

J. E. Bigham, Frisco express messenger yesterday returned to the Cape, after having been in the Frisco hospital in St. Louis for several days for treatment for rheumatism. He was accompanied by Mrs. Bigham.

WHO'S TO PAY FOR WATER ST. REPAIRS?

Controversy Will Be Aired In Council Meeting—None Seek Obligation.

That a controversy between property owners on Water street and the City will develop Monday night at the City Council meeting over the question of responsibility for repairing or repaving the part of Water street torn up by the high water, last night became apparent.

Both the City and the property owners are trying to side-step the expense of putting the wooden blocks, floated out by the flood, back in place and the presence of the Frisco railroad tracks adjacent to the destroyed section of the street has led to complications.

Mayor Kage last night voiced the opinion that the City should not have to pay for putting the blocks back, which, he declared, would mean virtually repaving that section of the street.

Following the recession of the high water, exposing the wrecked pavement, Kage ordered that part of Water street, Independence street and Themis street, affected by the flood, closed to traffic. Requests were made of him yesterday to be allowed to run over the street, but the highway was kept closed.

The wood block pavement between the Frisco tracks and the curbing was put in at the expense of the Frisco railroad about five years ago. The railroad was required to pay for the pavement as a provision of the franchise granted in 1911.

In the franchise it was made incumbent upon the railroad to maintain the pavement only for two feet outside of its rails, so that the terms of the City's franchise, the Frisco may not be made to repair the pavement that was placed by it in the first instance.

Since the recession of the flood waters, several of the property owners have speculated on the question of getting the street commission to perform the work of repaving and the expense borne by the city, it is said.

The Mayor declared he could not understand how the property owners could expect to evade responsibility for paying or repaving. There is not even any provision existing making it mandatory upon the city to keep any of the streets in repair, the Mayor said, but breaks have been mended anyway.

"This is what may be called an act of God, and the City should not be expected to stand the expense of the work. The matter will come up before the Council and it will be settled there."

PLANS NEW WOODEN WARE FACTORY HERE

K. A. Brumbach Will Appear Before Com'l Club To Lease North End Site.

Detailed plans for a proposed wooden-ware specialty factory to be located just north of the Cape tonight will be placed before the Commercial Club by K. A. Brumbach, who will seek to make arrangements with the club to lease property for a site in the locality of the Freeze Threshing Machine Company.

Mr. Brumbach for a long time has operated a factory in South Cape for making tool handles of all kinds. His firm also has been manufacturing a patent floor sweep.

The concern that Mr. Brumbach considers establishing in North Cape will turn out wooden specialties of many different kinds and he has told his friends, that much of his product he expects to sell in the North.

He proposes to erect a large factory building and twelve men would be put at work as soon as the factory is in operation.

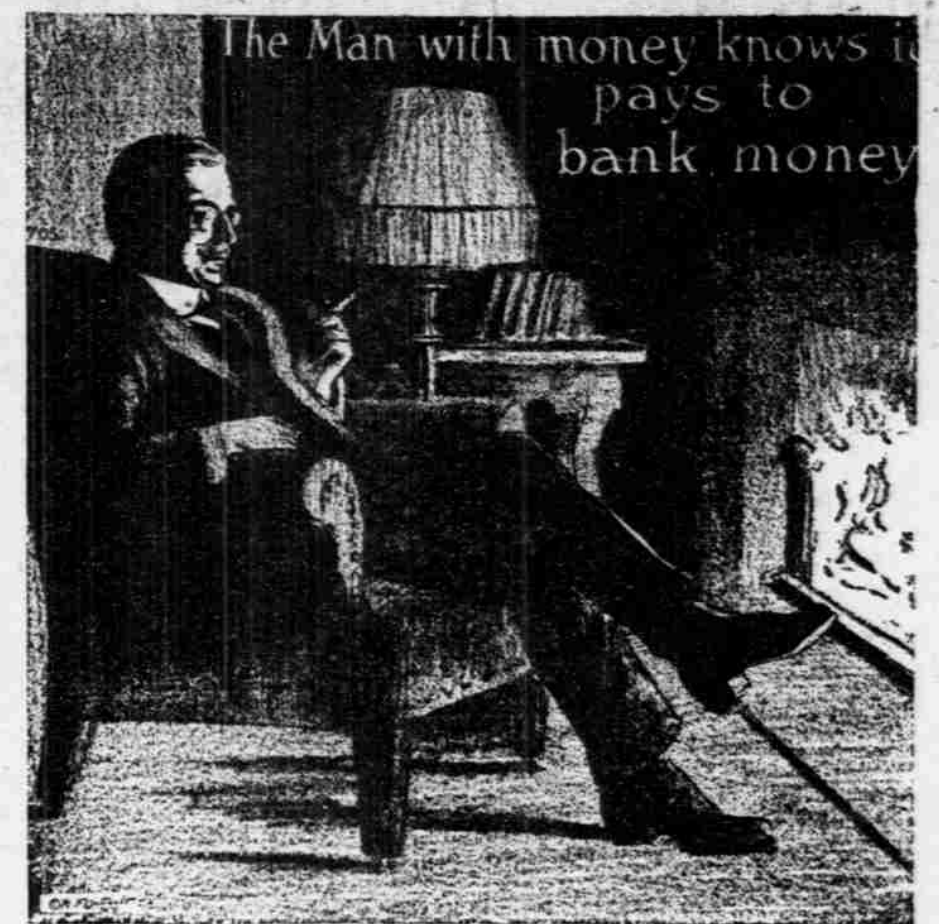

The Commercial Club some time ago acquired a plot of 20 acres north of town that is being held for the purpose of offering attractive sites to industries that consider coming to the Cape.

Advantageous leases will be granted meritorious concerns that make proper application for them.

The Brumbach factory in South Cape has been shut down for several days on account of high water. That is one essential reason why the factory is proposed for the North Side.

E. G. Gramling, of the St. Charles Hotel, has gone to St. Louis on a business trip. Mrs. Gramling last night was reported to be suffering with a slight attack of tonsillitis.

E. A. Miles, well known horse and mule buyer, yesterday was reported to be sick with an attack of the grip at his home on South Sprigg street.

The Man with money knows it pays to bank money.

Comfort, ease and elegance is his reward. He didn't get it in one day, or a week, or a year. He didn't "strike it rich." He didn't have a rich relative die and leave it to him. He BANKED his money. The amounts were small at first, but he KEPT AT IT; then the amounts grew larger, opportunities came and the little sum he started with became a great big FORTUNE.

You can do it too—if you TRY.

Put YOUR money in OUR bank.

We pay 4 per cent interest on savings.

CARBONDALE LOSES SECOND TO NORMAL

Cape Quintet Roms Off With Basket Ball Victory 37 to 26.

The Courieux basket ball quintet last night took the second game with the Carbondale five by a score of 37 to 26. The game was faster than the initial contest on Friday night and by virtue of the fact that it was a rougher game, it was nearer the college class of basket ball than had been played on the Normal court this winter.

By mutual agreement at the outset, it was decided to smile at rules having a tendency to slow the contest by frequent fouling, and the boys played fast ball on both sides.

Tom Danks and Roy Parker were the individual scoring stars for the Normal team, each garnering in 5 goals, but every man on the Cape team was a star. The teamwork showed improvement.

The playing of the visiting team was markedly improved over that of Friday night, but the Carbondale boys could not overcome a lead that the Cape obtained at the outset.

The score and line up was as follows:

Cape Normal-37	Field Goals	Free Goals
Louis Schultz	3	0
Danks	5	0
Parker	5	3
Leo Schultz	3	0
J. Dearmont	1	0
Totals	17	3

Carbondale Normal-26	Field Goals	Free Goals
Lawbaugh	3	0
Bailey	3	0
Horner	3	2
Lee	3	0
Hawkins	0	0
Totals	12	2

Boswell substituted in the second half for Hawkins and made no scores. Milford of Washington University, St. Louis, was referee, and Godoye of the Cape Normal was time keeper.

CELEBRATES SIXTH BIRTHDAY.

Friends of Claude D. Martin Are Entertained at his Home.

The sixth birthday of Claude D. Martin yesterday afternoon was celebrated at his home, 515 William street, with a party, when several of his friends were guests. Several games were played for which prizes were awarded and a luncheon was served.

Those who were present were: Caroline Speaks, Alta Vogelsang, Allen Ulrich, Frieda Felthoff, Helen Welpuetz, Lillian Welpuetz, Elmer Allmeroth, Martin Roth and Albert Feldhoff.

W. H. HARRISON TO BE G. O. P. DELEGATE

Convention Saturday Will Ask That Cape Man Be Sent To Chicago.

The Republican County Convention at Jackson next Saturday will endorse William H. Harrison for one of the two delegates to the National Republican convention from the Fourteenth Congressional district, and will instruct the 34 delegates from this county to the Sikeston meeting to vote for him. This announcement was made yesterday by prominent Cape Girardeau Republican the bank purchased the place at a

It is predicted that Mr. Harrison and Mayor Kage will be among the delegates to attend the Fourteenth Congressional district convention at Sikeston, at which the two delegates and their alternates to the Chicago convention will be selected.

From information that comes from the lower counties, Mr. Harrison has influential supporters throughout that part of the district, numerous enough, it is said, to insure his election.

According to the custom of the past, the district has selected its delegates to attend the national convention from opposite ends of the district. If the Cape Girardeau is named, his colleague will be chosen from one of the counties in the southern end of this district.

"I believe Mr. Harrison will be chosen as one of the Chicago delegates," said Mayor Kage yesterday. "From what I hear from the lower part of this district, he is certain to be the convention's choice for one place. He has been a liberal contributor to the party for many years, and has never asked for an honor of any kind. In my mind, he is entitled to be a delegate to the Chicago meeting, and I am going to do whatever I can to insure his success."

The convention Saturday will also select delegates to the State Republican convention, which meets at Excelsior Springs.

"POTTIE" WILLER IS SICK.

Is Confined to His Home With Severe Attack of Bronchitis.

"Pottie" Willer, son of Judge and Mrs. W. H. Willer, last night was ill at the home of his parents on Good Hope street with a severe attack of bronchitis and threatened pneumonia. "Pottie" Willer is the eldest son of the Judge living, at his father's home and he is known as the Cape's biggest man.

His illness is caused by exposure in the last few days to cold and dampness. He has suffered a severe pain in his chest and has had much difficulty in getting his breath.

Judge Willer, "Pottie's" father, is one of the most widely known justices of the peace in this part of the state.
